

Multimedia 1 - Digital Photography

Goal: Increase your knowledge of Fireworks, iPhoto, GarageBand, and use of a digital camera

Required products:

Create a 1 minute still picture slideshow using iPhoto/Fireworks

- Include 40-60 pictures taken on a digital still camera
- Target audience is a weekly Vista Vision audience
- The theme is Vista Images...pics of people and places I frequent
- You will be able to borrow a school camera for a limited time and for only one day during this Unit (if you do not have access to one)
- Music must be original...made with GarageBand
- Export movie into a QuickTime .dv movie

Essential Learning for this Unit:

Importing/clean-up/editing digital camera pics using iPhoto and Fireworks

Using masks, cloning tool and layer effects in Fireworks

How do I acquire these skills in Digital Photography?

Lynda.com video training tutorials - iPhoto Basics, Fireworks Basics

Fireworks books located in the classroom

Web tutorials listed in the class bookmarks on the server or ones you find on your own.
