

## TECH II Final

---

Good day students!

Your final will consist of a presentation on Rocket Technology. You will research new rocket technology and present your findings to the class.

Your requirements are:

- Must use new technology to present (no PowerPoint). For example – animoto, prezzi, pixton, empressr, imageloop, myplck, presentit, sliderocket, myjugaad.in, vuvox.com/collage, xtranormal.com, or any other you get approved.
- Include – why the technology will change they way rockets are used now, cost projections, what new technology is involved, and what the new technology will allow us to do in the future.
- 2 minutes or less presentation in front of the class explaining in depth the above mentioned criteria.
- Make sure to list your sources.

Due on Finals Day!

Make it an exciting and lively presentation; please include pictures, video, charts/graphs, etc.
